SEED CORN

We wish to call your attention to Seed Corn of which we have a very good assortment to offer while the supply lasts.

Special care should be given to the selection of Seed Corn this year because the 1935 crop in many of the principal seed producing sections was a failure and Seed Corn carried over from previous years may or may not have retained its germinating qualities; some of it might show a high test but many weak and unhealthy sprouts.

The Seed Corn we offer is of known origin, carefully selected, good planting stock, thoroughly milled and cleaned, sacked in burlaps, March - April shipment buyer's option.

Order your supply early while there is still a good assortment of both Seed Corn and Ensilage Corn available.

Trust we may be favored with your orders. Quotations subject market change and stock unsold.
